Location

Dobrota is located close by the ancient city of Kotor and looks straight on to Mt. Vrms. The seaside promenade in Dobrota runs for several kilometres along the shore beside numerous little stone jetties and old palaces, which are different and more splendid than anywhere else.

It is one of those places on the coast where you can still see the former splendour of the bay and the noble town of Kotor

The nearest beach to the apartment is just across the street and down a few steps. Small shops and cafés occur at regular intervals along the jetties that line the waterfront.
